LIVING DEATHS IN SIBERIAN MINES

This is the Fate of Many of the Revolutionists.

Hundreds Will Never See Their Families—Another Plot Against the Czar Discovered.

MORE OF FINLAND ASSASSIN.

Berlin, Feb. 7.—The Tageblatt reports that a plot against the Czar's life was discovered by Emperor Nicholas himself. His majesty was walking through the corridors at Tsarskoye yesterday when he noticed a letter addressed to himself lying on the floor. He found that it contained the announcement that twelve men had sworn to kill him in revenge for the recent St. Petersburg massacre. Elaborate precautions were immediately taken and the palace grounds are now surrounded by Cossacks.

Warsaw, Feb. 7.—Several men were killed today by strikers in the bakeries and elsewhere, where attempts were made to resume work. According to a report twenty workmen were killed and wounded at Karbysko today during the strike riots. Grave trouble is also reported from Kutno and troops were sent from here.

No Trouble at Lodz.

Lodz, Feb. 7.—There were a few slight disturbances today, but the situation has improved, though it still is complicated, owing to the lack of harmony among the masters, some of whom are willing to make concessions, while others wish to close their works. The governor, however, has ordered that all factories shall open tomorrow to give the men opportunity to return to work. The men also are divided, the Germans being willing to return to work, while the Poles refused to do so.

Was a Finnish Student.

London, Feb. 7.—The Helsingfors, Finland, correspondent of Central News, reported that the man who yesterday shot Procurator General Johnson and who gave the name of Othello, is in reality a former Finnish student named Lennart Holmstrom. It is not thought political reasons actuated the shooting.

Banished to Siberia.

London, Feb. 7.—A St. Petersburg dispatch to the Standard says that banishments to Siberia of the revolutionists has started. Monday a hundred and forty who were arrested January 22, started for the Siberian mines. Thousands have been arrested, and many will be shipped to Siberia without having a chance to bid their families farewell.

Warsaw Quiet.

Warsaw, Feb. 7.—The town is quiet. Workmen of large factories and bakeries are still on strike, the masters refusing to concede their demands. Soldiers are still operating the gas works.

State of Siege Declared.

Berlin, Feb. 7.—The Lokal Anzeiger's correspondent at Kattowitz telegraphs:

"A state of siege has been declared at Sosnowice, General Jędrzejowski taking command. The superintendent of police has been dismissed from office. Gatherings of as many as three persons on the streets are forbidden. Military are using their arms upon the slightest disobedience of orders. Tearing down placards announcing state of siege is punished with ten days' imprisonment. Serious collisions are expected. Strikes have abundant supplies of dynamite and hand bombs. The exodus to Germany by rail is very heavy. Germans arriving at Sosnowice are advised by authorities to remain at the railway station for safety.

Topedo Factory.

St. Petersburg, Feb. 7.—Lessner's torpedo factory here has resumed work. The managers dismissed the employees in obedience to Gov. Trepoff's orders and then re-engaged them.

No Mutiny.

St. Petersburg, Feb. 7.—The report published in the United States

(Continued on Eighth page.)

GETTING TOGETHER UP AT FRANKFORT

Conference Committee Have Reached an Agreement

It is Agreed to Leave Purchase of Extra Block of Ground to the Capitol Commission.

NOW BEFORE THE SENATE.

Frankfort, Ky., Feb. 7.—The report of the joint conference committee of the general assembly, which late yesterday afternoon agreed that the Cantrell amendment proposing that the state purchase an additional block of ground to the northeast of the Hunt place site, at the expense of \$20,000, should be so amended as to leave this additional purchase wholly at the discretion of the state capitol commission and furnishing it options on the property to March 1, 1906, was made to the senate at 11 o'clock this morning by Chairman George W. Hickman.

In reporting it the senator moved its acceptance and adoption and the motion was seconded by Senator Faris, of Girard.

Senator Hickman explained the action taken by the conference committee, and urged the adoption of the report as made. He said that the present determination of the capitol commission is not to purchase the additional property, but that the advocates of its purchase hoped the commission would see the necessity for it within the fourteen months allowed by the options given on additional property.

The senate on vote, agreed to the capitol site bill and the house will concur tomorrow. The extra session is expected to end Thursday.

FIREARMS GALLOP.

Mr. W. H. Kennedy Was Might Glad to Get Out of Jackson.

Mr. W. H. Kennedy, the tobaccoist, has returned from a trip east, and on his way back stopped over at Jackson, Breathitt county, Ky., on business. He found that he was an object of much curiosity, and when he went to the hotel everybody seemed to eye him. He attracted so much attention that after one man who rode a horse as fast as it could go and carried a brace of small cannons had peered in at him twice, he asked a small boy what sort of a curiosity he was, and was told that he was none in particular, only he was the first stranger who had been in town in about two weeks. The attention paid him finally became so embarrassing that Mr. Kennedy asked for a room, and retired to it in fear and trembling. It was not much sleep that he had that night, and he was glad to be up before dawn the following day ready to catch the train out of Jackson. Mr. Kennedy says that he certainly never saw in such a short time before such a large and varied assortment of firearms.

23 KILLED.

300 People On a Train Which Went Over an Embankment.

Mexico, City, Feb. 7.—Twenty-three people were injured in a train returning from the railway conductors' picnic held at Popocatepeti Park Sunday. Some of the injuries were severe. Some 4,000 people attended the picnic. There were 300 persons on the wrecked train which was derailed and went over a six foot embankment.

The wounded were taken out and made as comfortable as possible in fields where fires were lighted to give warmth. The relief train with passengers arrived here this morning at 3 o'clock.

It was most fortunate that out of so many passengers and considering the general wrecking of cars, so few comparatively were injured.

Chinese Consul Resigns.

Washington, D. C., Feb. 7.—Consul General Goudnow, stationed at Shanghai, China, called at the state department today and formally tendered his resignation to take effect March 31. He will leave shortly for China to wind up his official affairs. He intends to remain there permanently.

LITTLE BLOODSHED IN THE REVOLUTION

Rebels Got \$300,000 by Robbing a Bank.

In a Skirmish a Few Were Killed or Wounded, and 121 Were Captured.

INSURRECTION IS ABOUT OVER

Buenos Ayres, Feb. 7.—Government troops attacked rebels who had fortified themselves at Mendoza. Soon afterwards the rebel leaders and officers fled to the mountains and the men surrendered unconditionally.

Rebels had sacked local branch of the National bank of Buenos Ayres and seized \$200,000. Numerous arrests have been made and the city is now quiet.

Late information showed that the insurrectionary movement is now restricted to Cordoba. Generals Winter, Benavides, Garza and Roca, with largely superior forces, are surrounding the city.

Buenos Ayres police have seized a quantity of guns and revolvers and also many copies of manifestos and revolutionary documents.

All bankers here condemn the attempted revolution and express the hope that the energetic policy of President Quintana will prevent any such attempt in the future.

The only group of rebels in the provinces of Buenos Ayres, 170 men strong, has been defeated near Pirovano station. Two officers and seven men were killed and 121 surrendered. The rest, with Commandant Villamayor, are retreating, and government troops are in pursuit.

Killed His Wife.

Akron, O., Feb. 7.—O. N. Howe, a former prosperous business man, who lost all his property recently, fatally shot his wife this morning, and then fired a bullet into his own head. He will die.

WOMAN BURGLED.

Mulatto Girl Confesses to Mury in Chicago.

Chicago, Feb. 7.—In the arrest of "Birdie" Brooks, alias Spears, a nineteen-year-old colored girl, the police believe they have solved most of the mysterious burglaries that have taken place in Hyde Park and Woodlawn residences this winter. The method used by the "woman burglar" was to hire out as a woman's servant for a few days until she had the "lay of the land." The night after she left the house would be riddled of jewelry.

In the room where the girl was found was a quantity of stolen property. With her occasional assistance for she claims she "can't remember all the houses she robbed," the police have identified a number of stolen articles.

The biggest robbery with which the police believe the girl was connected is that of the residence of Prof. Frederick Locard, of the Hyde Park High school. Wearing apparel valued at \$1,600 were taken from this house on the night of January 8.

WORK STOPPED.

On the I. C.'s Tennessee River Bridge Above Here.

The Bates & Rogers Construction Co., putting in Tennessee river bridge for the I. C. at Gilbertsville, has discontinued work on account of the cold weather. The work will not be resumed until the freeze has thawed enough to melt the ice and snow off the job and render it safe for the laborers to resume work.

This will mean another delay in the completion of the bridge. How much will be the delay, depends upon the weather.

Butchers All Agreed.

The board of public works this morning met the butchers at the market house and secured their approval of the contract with the Cincinnati Butchers' Supply Co., to equip the market house with meat racks. The contract called for uniform racks and the representative of the Cincinnati house, Mr. Fisher, agreed to furnish the market house for \$885, and said the work would be completed within two weeks.

HORRIBLE BUTCHERY FOLLOWS A DISPUTE

Woman's Throat Cut by a Louisville Grocer.

Then Suicided—Memphis Boy Kills Man Who Attacked His Mother.

A YOUNG LOVER'S INSANITY.

Louisville, Ky., Feb. 7.—Dispute over a lease is ascribed as the cause which led to the murder of Mrs. Rosa Chambers by Benjamin Myers yesterday afternoon. Myers then killed himself.

The tragedy was discovered by a brewery driver who entered the saloon and grocery owned by Mrs. Chambers just in time to see Myers take his stand before a mirror and cut his throat. The police found a scene of frightful butchery. The walls of three rooms were splattered with blood and the belongings torn up, showing that the woman had fought desperately before her head was partially severed. Myers, like Mrs. Chambers, conducted a grocery and a saloon, leasing the property from the woman.

Boy Protects Mother.

Memphis, Tenn., Feb. 7.—To release his mother from the clutches of a drunken man who was choking her, Lee F. Mangus, the fourteen-year-old son of Mrs. Ida Mangus, yesterday afternoon placed a pistol against the head of Ward B. Ing, his parent's assailant, and blew out the man's brains. The boy was arrested, but several prominent city officials immediately gave bail for him and he was released.

A Philanthropic Case.

Mt. Sterling, Ky., Feb. 7.—James Salyers, of Johnson county, has been placed in an asylum, having become insane over the death of his sweetheart, May Grimsley, who died last summer from fever. The case is an extremely pathetic one and since the death of Miss Grimsley, Salyers has been singing love songs to her at all hours of the day and night. During the intervals that he has not been singing he would whistle the same songs which he claimed he used to whistle to her in his mountain home. The sheriff who had him in charge says that he has been whistling and singing these same songs almost constantly during the time he was awake. Her death occurred shortly before they were to have been married. Salyers' family is prostrated over his condition.

MUST HELP.

Senator Chapp Introduces Bill in Congress Requiring Insurance Companies to Aid in Their Support.

Washington, Feb. 7.—Senator Chapp introduced as an amendment to the house bill for the regulation and supervision of insurance, a provision requiring insurance companies to aid in the support of organized fire departments. It requires that every fire insurance company, on or before July 1 each year, shall pay to the treasurer of each state an amount equal to two per cent of gross premiums received by each company in each town, village or city having an organized fire department. This revenue would be disbursed for the better equipment of departments and for the relief of sick, injured or disabled firemen, their families or widows.

Coal Roads Close.

Washington, D. C., Feb. 7.—Arguments before the Interstate Commerce commission began this morning in the Anthracite coal roads case. Counsel representing the accused coal and transportation companies and William R. Hearst, appellant, are prepared for three or four ways, which will be consumed in presenting to the commission the various aspects of this many-sided controversy.

James M. Withrow Dead.

Frankfort, Ky., Feb. 7.—James M. Withrow, aged seventy-three years and well known over Kentucky, died at his home here.

The above was father of Mrs. Hugh Mulholland, formerly of Paducah.

JAPS BAYONETED IN BLOODY SKIRMISH

Russians are to Abandon Operations in Korea.

Danger of Supplies to General Kuropatkin Being Cut Off Shortly.

LITTLE FIGHTING IS REPORTED

Tokio, Feb. 7.—Official announcement is made that everything is quiet in the vicinity of Changtan with the exception that the Russians are strenuously intrenching. The Russian force which attacked Chitaizui February 4 retired northward February 5.

On the afternoon of February 4 and the morning of February 5 the Russian artillery west of Tanshin shell-shelled Mauchantsu Mountain and vicinity.

Small bodies of Russian infantry attacked but they were repulsed. Before abandoning Songchin in Northeastern Korea January 24 the Russians burned all their stores.

It is thought that the Russians intend to abandon all operations in Northeastern Korea.

Peace Again Talked Of.

London, Feb. 7.—Considerable speculation has been caused by the fact that the Russian government on Monday assumed control of Siberian telegraph lines from eight in the morning until four in the afternoon. It is said to be the first occasion on which telegraph communication has thus been stopped since the war began. Various possible causes are discussed, such as the extension of the strike movement to the Siberian railway and important correspondence with Kuropatkin.

Little attention is paid here to a rumor of peace mediation, but the Chronicle's St. Petersburg correspondent sends a statement which, however, is not confirmed in other dispatches, that the recent conferences of the grand dual party to consider far eastern prospects arrived at an agreement as to the desirability of ending the war and that the rumor of Kuropatkin's resignation was started to facilitate negotiations for peace.

Japanese Are Busy.

Russian Headquarters, Huan Mountain, Feb. 7.—Japanese lately have shown feverish activity in construction of new trenches, redoubts and abatis and especially east of the center, indicating they fear another Russian advance.

Rennenkampff's command is operating in the direction of Sloyar and Schantan and has driven in the advance lines of the Japanese, forcing them back to Taitse river.

All is quite along the front except for occasional sentry shots and cannonading directly against the Japanese working parties.

Operations at a Standstill.

St. Petersburg, Feb. 7.—Military operations in Manchuria continue at a standstill. No importance is attached by the war office to the Japanese movements on the Russian center and left, which are regarded as merely demonstrations.

Another Russian Squadron.

St. Petersburg, Feb. 7.—Dock yard authorities at Cronstadt are completing preparations for active service of the second division of the third Russian Pacific squadron. These reinforcements are expected to sail at the end of May.

The admiralty confirms the statement that the first division of this squadron will leave Liban in the middle of February but it is pointed out that Hojevsky will be unable to await its arrival because he will have to cross the Indian ocean before the monsoon season, which begins in March and renders navigation impossible for torpedo boats, small cruisers and coast defense vessels. Hojevsky will probably proceed to the far east at the end of February after the arrival of Rotovsky's division.

Supplies May Be Cut Off.

St. Petersburg, Feb. 7.—The Trans-Siberian railway has become clogged because of the enormous amount of freight, which the minister of ways and transportation has

SAVED HIS FAMILY BUT NOT HIMSELF

Heroic Deed of a Michigan Man in a Fire.

Two Suicides Reported From Anderson, Ind.—Escape of 300 School Children in Fire.

CHILDREN RUN TO DEATH

Wolverine, Mich., Feb. 7.—Tracy Brusso is probably fatally burned and his youngest child, aged three, is dead as the result of a fire that destroyed their home three miles south of here.

Driven from bed by the flames Brusso re-entered the burning house four times to save his wife and three children. Mrs. Brusso and two surviving children are in a serious condition from burns and exposure.

Two Kill Themselves.

Anderson, Ind., Feb. 7.—Mrs. Robert Campbell was found dead and her husband in a dying condition in their apartments in this city. The coroner found among their possessions a box marked "quiline" but which contained corrosive sublimate. They came to Anderson from Norwood, North Dakota, about four months ago.

300 Children's Escape.

Toledo, Feb. 7.—Three hundred school children had a narrow escape when the school building at Stryker, Ohio, was burned. The fire started in the basement and had spread to the halls before the alarm was given. All the children were rescued through the windows.

Children Burn to Death.

Berlin, Wis., Feb. 7.—Three children of Harry Eaton of Poysophi, a boy of five, a girl of three and a baby, burned to a crisp in their home while their parents were away. It is supposed the children played with the fire in the stove. Neighbors with snow attempted to extinguish the flames but failed.

TO THE PEN.

But Prison Officials Say Much Must Ride in the Day Coach.

Washington, Feb. 7.—The bondsmen for August W. Machen, George E. Lorenz, Diller H. Groff and Samuel A. Groff have been directed to surrender the individuals named into custody today. The plan is that the four men convicted of conspiracy to defraud the United States shall start for the West Virginia penitentiary at Moundsville tomorrow afternoon. Machen and his co-conspirators will have as traveling companions about twenty other prisoners, while colored, sentenced to penitentiary imprisonment. It was rumored today that certain relatives of the four men had planned to accompany them to Moundsville in a Pullman car. According to the jail officials, such a plan, if it exists, must be abandoned, for Machen and his associates are to be part of a regular "batch" and will ride in a day coach.

tried to send over it. As a result, interruption of the arrival of supplies at Gen. Kuropatkin's headquarters is threatened.

Japanese Bayoneted.

St. Petersburg, Feb. 7.—General Kuropatkin reports that in skirmishing between the Russian and Japanese outposts, fully fifty Japanese were bayoneted and one was taken prisoner.

SOME NEW ENTRIES IN THE CONTESTS

Voting Today Again Very Heavy
in all the Contests.

There Are Some Changes in the
Standing of the Contestants
Today.

INTEREST IS GROWING DAILY.

Today's news of the contests is
again of many votes, and some new
entries.

Miss Rosella Farley and Mrs. Henry
Lenhard are new entries in the
most popular lady in Paducah con-
tests, and Mrs. E. T. Randle in the
ladies' contest in the county.

Mr. "Hert" Gilbert has taken sec-
ond place in the most popular man in
Paducah contest and is very close to
Mr. Thompson, the leader.

Miss Hinton still retains the lead
in her contest by a good margin but
there are a number of entries with
big totals and any day may bring a
change.

There are no changes in the rural
routes contests.

Each day, now, but adds to the
great interest already taken in the
contests and the task of counting the
votes gets bigger each day. The num-
ber of telephone calls every day indi-
cates the keen interest in the con-
tests and on all sides are evidences of
its wide scope.

Vote your coupons and get all your
coupons to vote.

There are a lot of good prizes list-
ed below that some one will win.
Why not let it be a friend of yours?

MEN'S CONTEST.

R. A. Walston.....	2
W. T. Lawrence.....	2

The prizes to be given away are
as follows:

To the most popular ladies in Pa-
ducah:
A piano.
A Gold Watch.
An Umbrella.

To the most popular men in Pa-
ducah:
\$100 in Gold.
A Gold Watch.
An Umbrella.

To the most popular lady residing
on the rural routes in this county:
A Gold Watch.

To the most popular man residing
on the rural routes in this county:
A Huggy.

Everyone is entitled to a vote in
each of these contests. All you have
to do is to fill out the ballots to be
found in each issue of The Sun and
send them in. You will note that the
ballots have a time limit,—must be
voted within a week of the date
thereon.

Special coupons of votes will be
issued for payments on subscrip-
tions, and we would call everyone's
attention to the fact that subscrip-
tions paid now are worth double
what they will be worth in March.
For instance: 40c will pay for The
Sun one month and entitle you to 80
votes, if paid now. The same sub-
scription paid in March will entitle
you to only 40 votes. A year's sub-
scription, \$4.50, will entitle you to
1100 votes, if paid now; in March,
if you wait it will be worth only 500
votes. Thus you see the wisdom of
sending in your subscriptions early.

I vote for

As the most popular lady
residing on the rural routes in
the county.
Not good after February 13.

I vote for

As the most popular man
residing on the rural routes in
the county.
Not good after February 13.

I vote for

As the most popular lady
in Paducah.
Not good after February 13.

I vote for

As the most popular man
in Paducah.
Not good after February 13.

Social Tomorrow Night.

Evergreen Circle, W. O. W., will
give a social tomorrow night at the
hall, on Elizabeth street. The pub-
lic is invited.

THEBES BRIDGE

BRIDGE STRUCTURE WILL BE COM-
PLETED ABOUT MARCH 1.

Illinois Central One of the Owners—
Cost More Than \$1,
000,000.

Mr. W. L. Scott, editor of the
Weekly Star, published at Thebes,
Ill., was in Cairo yesterday, says the
Cairo Bulletin. He reported that the
lig bridge at that point was nearly
completed and that only one span
remained to be placed. This is the
middle span and is the most dan-
gerous part of the entire work. The
work has progressed to a point
where it is confidently predicted that
trains will be passing over the
bridge by March 1, if not earlier.

The Thebes bridge, which is owned
jointly by the Illinois Central, the
Chicago and Eastern Illinois, the
Cotton Belt and Missouri Pacific Iron
Mountain railroad systems, repre-
sents an outlay of more than \$3-
000,000, and will prove to be one of
the most important bridges from a
freight traffic viewpoint in the
United States.

In length it is 3,695 feet, divided
as follows: Concrete approaches,
815 feet; four spans, each 550 feet,
and one span of 680 feet. It is 105
feet above low water and 65 feet
above high water, and is double
tracked.

Work on the bridge was begun in
the spring of 1903 under the direc-
tion of C. G. Warner, vice president
of the Missouri Pacific, but for some-
time F. H. Britton, vice president
and general manager of the Cotton
Belt, has had charge of the struc-
ture, and is rapidly pushing it to
completion.

By the use of the Thebes bridge
all of the through traffic to and from
the southwest will pass over this
bridge to the Illinois division of the
Iron Mountain, thereby preventing
the usual congestion of traffic in the
St. Louis terminals incidental to a
heavy freight through movement.

The recent bad weather has de-
layed the completion of the bridge
as it was expected that it would be
finished some time this month.

OFFICIALS HERE.

Inspection Trip Up the River—L. C.
Depot Lights.

Supt. A. H. Egan, Roadmaster F.
L. Thompson, of the Louisville divi-
sion of the I. C., Trainmaster L.
E. McCabe and Chief Dispatcher L.
Neal, of the Paducah district, went
up the river this morning on busi-
ness. The Paducah officials will like-
ly return this afternoon, but Messrs.
Egan and Thompson will go on to
Louisville. This is merely an in-
spection of a portion of the Paducah
district.

Last night the council ordered
Mayor Yelver to ask the I. C. to
burn its depot lights all night, but
this probably will not be done as
the electric company charges for the
amount of electricity used and the
bill is anything but small. This and
the desire not to attract loafers is
the reason the lights are turned out
when trains are not due. Mr. Egan
however would make no statement
about this or the matter of the com-
pany building a shed over the pas-
senger train tracks.

HUNDREDS OUT AT CHICAGO.

Caused by Strike of Lumber Box and
Shaving Teamsters.

Chicago, Feb. 7.—The closing
down of eight sash, door and blind
factories by which 900 men were
thrown out of employment together
with a demand for an increase of
two cents an hour by 1,500 wood
workers yesterday further compli-
cated matters for wood industries in
Chicago.

Officials of the Lumbermen's as-
sociation announced that more factories
will be closed tomorrow and hun-
dreds of men will be thrown out of
employment.

Scarcity of material is given as
the cause of the shut down. This
scarcity is due to a strike of the lum-
ber box and shaving teamsters which
has been in progress several days.

HAS STOOD THE TEST 25 YEARS
GROVE & TAYLOR'S CHILL TONIC. The
first and original tasteless-chill tonic. 50 cents

THE NEW BISHOP

AUSPICIOUS BEGINNING OF HIS
WORK IN KENTUCKY

Says He Came to Fill No Man's Place
But to Create a Place of
His Own.

Louisville, Ky., Feb. 7.—The sat-
isfaction with which the members of
the Episcopal church greeted the
election of the Rev. Charles E.
Woodcock as bishop of Kentucky
was confirmed Sunday when Bishop
Woodcock made his first public ap-
pearance among his church people,
officiating at three services, the
morning and afternoon services at
Christ Church Cathedral and the
evening services at St. Andrew's
church. By his appearance, his hear-
ing and his preaching he instantly
won a place in the hearts of the
church members and on every hand
as the congregations left the church-
es the members could be seen con-
gratulating each other and com-
menting that "he is the right man
in the right place."

His first sermon was preached and
with the greatest interest it was
awaited. In it Bishop Woodcock
naturally referred to his coming to
take up the work of Bishop Dudley,
and in a frank, confidential manner
that left nothing to be guessed or
misunderstood, he explained his po-
sition, told what he expected to do
and what he expected of the mem-
bers of the church. He did not hesi-
tate to say that he expected work
and hard work in the interest of the
church from every member.

In referring to the fact that he
succeeded Bishop Thomas Under-
wood Dudley, Bishop Woodcock elo-
quently spoke of the greatness of
the dead bishop, and said that he did
not hope to fill his place, but on the
other hand, he said, that even were
he able to fill it, he wanted it known
that he came not to fill any man's
place nor to imitate, but "as God
gave him the strength, to make a
place for himself."

The services at the Cathedral were
not elaborated because of the arrival
of the bishop. The processional was
imposing, led by the crucifer down
the right aisle and through the cen-
ter aisle to the chancel. The chor-
isters followed the crucifer and in
turn were followed by the clergy,
the Rev. Mr. Goddard, the Rev. M.
M. Henton, the Rev. Charles E.
Craig, dean of the Cathedral, and
last of all, the bishop. Before him
was carried the emblem of his office,
the bishop's staff, formed in the
shape of a shepherd's crook and
symbolizing his position as the guar-
dian of his flock. Tall, slender and
clean-cut, the bishop made an im-
pressive figure in his robes.

HIGH WATER NEXT.

A Big Stage is Predicted in the Ohio
River.

Louisville, Ky., Feb. 7.—A high
stage of the river is predicted by
river men for the latter part of Feb-
ruary. This rise is expected to re-
sult from the melting of the snow in
the upper country.

Throughout the east and the coun-
tries tributary to the Ohio the fall of
snow has been the heaviest in years.
In many places it has fallen to the
depth of several feet. When the long
deferred rise in temperature comes,
this will melt and pour into the Ohio
through its hundreds of tributary
streams, causing a rise, the extent
of which river men cannot at present
predict.

The vast amount of ice in the
river and the present low stage,
which has allowed the river to be-
come a series of gorges, will imperil
all craft which are not in places of
absolute safety. It is not unprob-

TREATMENT OF PILES.

Permanence of Cure the True Test.
Many so-called pile remedies will
afford the user slight temporary re-
lief and the majority of those af-
flicted do not expect more than this.
The average sufferer, after having
tried every preparation recommend-
ed for the cure of piles, comes to the
conclusion that there is no cure ex-
cept by an operation and rather
than undergo this "last resort" he
suffers on, resigned to the situation,
so far as may be. The attention of
those interested is invited to the
following experience.

"After ten years of suffering from
blind, bleeding and protruding piles
and after using every remedy I could
hear of without any benefit, I finally
bought a fifty cent box of Pyramid
Pile Cure and used it with such good
results I bought next a dollar box,
which finished up the job. That was
nearly six years ago and as far as
piles are concerned I am cured, and
have never felt a symptom of them
since."

"Many others have used this rem-
edy by my advice with the same re-
sults and I always recommend it to
sufferers with piles." C. H. Potts,
Hurlington, Kan.

Testimony like this should con-
vince the most skeptical the Pyra-
mid Pile Cure not only cures, but
cures to stay cured. It is in the form
of a suppository, can be applied in
the privacy of the home, directly to
the parts affected and does its work
quickly and painlessly.

Druggists generally sell this fa-
mous remedy for fifty cents a pack-
age and sufferers are urged to buy a
package now and give it a trial to-
night. Accept no substitutes.

A little book describing the causes
and cure of piles is published by
the Pyramid Drug Co., Marshall,
Mich., and same will be sent free to
any address for the asking.

able that the thaw will be accompa-
nied by a flood, the like of which
has not been seen in years.

River men do not believe that the
high stage will be deferred later
than the latter part of this month.

Croup

Begins with the symptoms of a com-
mon cold; there is chilliness, sneez-
ing, sore throat, hot skin, quick
pulse, hoarseness and impeded res-
piration. Give frequent small doses
of Ballard's Horehound Syrup (the
child will cry for it) and at the first
sign of a croupy cough, apply fre-
quently Ballard's Snow Liniment to
the throat.

Mrs. A. Villet, New Castle, Colo.,
writes, March 19th, 1901: "I think
Ballard's Horehound Syrup a won-
derful remedy, and so pleasant."

NINE SETS OF TRIPLETS.

Proud Parents Will Be Presented to
President Roosevelt.

Washington, Feb. 7.—President
Roosevelt will be introduced next
week to the father and mother of
twenty-seven children, and it is ex-
pected he will present them his
photograph, bearing his signature.
George W. Duvile, the father, is
but 43 years old and his wife is 38.
They live at Yankton, S. D. They
expect to arrive here on a visit next
week, and the senators and repre-
sentatives will take them to the
white house.

The twenty-seven are nine sets of
triplets. Twenty-four of them are
boys and three girls. The children
will not be here.

SECRETS

At the Price of Suffering.

Woman on her way to semi-invalidism caused by pregnancy suffers much pain. Ignorance prompts her to suffer alone in silence and remain in the dark as to the true cause—motherhood.

Mother's Friend takes the doctor's place and she has no cause for an interview. She is her own doctor, and her modesty is protected. Daily application to the breast and abdomen throughout pregnancy will enable her to undergo the period of gestation in a cheerful mood and rest undisturbed.

Mother's Friend

Is a liniment for external use only. It would indeed be shameful if the sacrifice of modesty were necessary to the successful issue of healthy children. A woman about to become a mother need only use a drug store and for \$1.00 secure the prize childbirth remedy. Healthy babies are the result of using Mother's Friend. Our book "Motherhood" mailed free. THE BRADFIELD REGULATOR CO., ATLANTA, GA.

IMITATED RAFFLES.

Christopher Smyth Says He Hobbed Merely For the Sake of Adventure.

New York, Feb. 7.—Christopher Smyth, or "Smooch," who is locked up at police headquarters, charged with being the perpetrator of many startling robberies in private residences within the past few weeks, made a confession to Acting Inspector O'Brien, of the detective bureau, today, according to a statement made by the acting inspector.

Smyth declared that he had not worked for plunder but merely for the enjoyment he got out of the excitement incident to the robberies. He confessed that he had been interested in the exploits of Western bandits, and that he had tried to emulate their example. The character of "Raffles," he declared, had also given him an idea and he had attempted to follow out the example. He said that it would have been the easiest thing in the world for the police to have captured him on various occasions, but there had been no attempt made to follow him after he had left the houses he entered, except in one instance.

Becomes a Flagman.

Mr. Johnnie Coyle, who has been calling at the local I. C. round house, will shortly go on the Cairo extension passenger trains as flagman. He will succeed Mr. Luther Knowles, who comes in at 7:45 a. m. and leaves again at 7 p. m. Mr. Knowles will return to the freight service between Paducah and Louisville on the east end. Mr. Knowles has been on the passenger run since last summer.

Are You Restless at Night?

And harassed by a bad cough? Use Ballard's Horehound Syrup. It will secure you sound sleep and effect a prompt and radical cure. 25c, 50c, and \$1.00. Duffins, Kolb & Co., Paducah, Ky.

MUCH BUSINESS ON HAND LAST NIGHT

Council Adopted Recommendation as to Street Paving.

City to Try to Collect Taxes From the Seacoast Mineral Company.

OTHER BUSINESS TRANSACTIONS

The councilmanic board met in regular session last night with all members present.

Mayor Yeiser reported that the \$2,000 note of the city to Will Gilbert and wife had been canceled and two \$1,000 notes given instead. The action was ratified.

Mayor Yeiser reported that Dr. P. H. Stewart had offered to equip one private ward in the new city hospital. The offer was accepted and the thanks of the board extended.

A prayer from the Sam Hop Slag Laundry Co. asking the city to refund its license tax was referred. The company received a license for the year of 1935, and sold out on the 23rd and think some rebate is due.

The recommendations of the McCracken County Medical society regarding the operation and management of the new city hospital, as previously published, were read. The matter was referred to the joint hospital committee.

A petition from the Retail Merchants' association asking that the city legislative boards take some action to shut out loan companies. The petition was lengthy and cited several instances where usury had been practiced by the loan companies, also that some of the companies had imposed on ignorant people and in a way injured the legitimate business of retail merchants.

Mayor Yeiser spoke briefly and declared that his investigations had convinced him that a law should be passed to shut such companies out and said he thought the law governing licensing loan companies should be repealed.

Mr. H. C. Rhodes, president of the Retail Merchants' association, stated that the petition spoke for the association and the members of the association had nothing further to say.

The motion to refer the matter to the city solicitor and license committee to bring in an ordinance regulating the matter.

Mayor Yeiser was instructed not to rent or lease city pest house property again.

The motion to refer the purchase of a new buggy for Fire Chief Jas. Woods, and a new truck for the station houses, was adopted.

A petition from property owners protesting against improving South Fifth between Norton and Jackson, by paving, was received and filed. They thought the present street and sidewalks good enough for several years yet.

The matter of irregularities at the city hospital was referred.

Mayor Yeiser stated that he understood that the Seacoast & Mineral company was going to move away and suggested that the city compel, if possible, the collection of taxes due. The city solicitor was instructed to collect the tax.

The matter of the steam heating pipes interfering with the city drainage system, was referred.

The city tax supervisors were ordered to go ahead with their work until the books are finished, which will require but a few days.

The board of public works asked permission to close a contract to equip the new market house with uniform meat racks at the cost of \$880. The request was granted unanimously.

The board of public works asked what to do in regard to insuring the new market house.

Mayor Yeiser stated he saw no use in insuring the market house, as there is nothing to burn. The motion to instruct the board of public works to take out a \$10,000 policy was lost by a vote of 8 to 4. Councilmen Kolb, McCarty, Riglesberger and Taylor voting yea.

The recommendations of the board of public works and joint street committee regarding the streets to be improved this year were read.

Councilman Rehkopf spoke against some of the improvements because it would work a hardship on some of the poor people who own small houses and have limited means. He stated that some property owners had appealed to him for relief. He stated he wouldn't support the recommendations.

Mayor Yeiser suggested that the ten-year plan be adopted.

Mr. Saunders Fowler, of the board of public works, stated the board did

not want to work hardships on anyone, but was acting in good faith and for the good of the city, but only asked the direction of the board in outlining the work to be done.

Councilman McElrath wanted the improvements extended to the freight depots, both the I. C. and N. C. & St. L. He stated that on streets near the depots where improvements were recommended, the improvements stopped within a few squares of the depots. He also did not want to improve some sidewalks where comparatively good sidewalks existed, because it would work a hardship on some of the poorer class of property owners.

Councilman Barnett stated that it would be an impossibility to improve any streets without working some little hardship on some of the poorer class of property owners.

Councilman Rehkopf suggested that no sidewalk improvements be eliminated and to strike out the improvement of Fifth from Kentucky avenue to Norton street, and substitute First from Jefferson to Washington.

Councilman Kolb stated he was opposed to the First street improvement because he did not think there was enough traffic to justify it.

Councilman Taylor spoke in favor of the First street improvement because he knew it was used as much as any street, because many wholesale houses used this street to unload from the railroad. The suggestion of Councilman Rehkopf to improve First street, was voted down by a vote of 8 to 4. Councilmen Ingram, Rehkopf, Riglesberger and Taylor voting yea.

The motion to concur in the board of public works' recommendations was adopted by a vote of 10 to 2. Councilmen Rehkopf and Riglesberger voting nay.

Regular bills, salaries, etc., against the city, amounting to \$17,096.07 were allowed.

The treasurer's report was received and filed. It showed January 1st \$147,576.59 was on hand, while \$26,123.55 was collected, and \$11,955.95 spent, leaving a present balance February 1st, of \$175,121.51. The document was filed.

A claim from Emory Hobson for \$40.50 against the city, arising from a suit, was referred.

A request from Solicitor E. H. Puryear for the city to pay half his office rent was granted.

An ordinance fixing the license tax of \$50 per year for investment companies doing business in Paducah, was read.

Councilman Taylor thought this ordinance means to let loan companies in the city under an assumed name.

The ordinance was given first passage. An ordinance fixing the license tax of storage warehouses at \$10 per annum was given first passage.

An ordinance amending the license tax ordinance was read. It decreased the ice dealers' license from 775 to \$55. Opera house license, from \$150 to \$100; tobacco inspector, from \$25 to \$15. Councilman Ingram was opposed to it because it set precedent. The ordinance was passed by a vote of 8 to 4.

The telephone franchise ordinance was given first reading.

The report of Fire Chief Wood for the month of January was filed. There were 15 alarms, the heaviest loss being \$8,000 in the Paducah Veneer and Lumber Co.

A communication from Central Labor union was filed. It approved the matter of employing a city electrical inspector and offered to recommend a good man. It also concurred in the suggestion of the city owning its waterworks plant.

A. V. Hauser, at Ninth and Washington streets, was granted a coffee house license.

Dixon and Allen, at 12th and Trimble streets, were granted a coffee house license.

Harney Padgett at 1300 Clay St. was granted a coffee house license.

Thompson, Wilson & Co., wholesale dealers, were granted wholesale and quart liquor license.

E. Harding & Co., on South Second street, granted a coffee house license.

Scott Overton, at Tenth and Calwell streets, applied for a coffee house license, but on account of a technicality was held over until next meeting.

Leave of absence was granted Sewer Inspector L. P. Rasm for 30 days and Mr. Ed Hannan appointed to act for him.

A prayer from the board of public works for \$3,500, for two new dynamos, was read. The city electrician said he could not run safely without the new dynamos. The prayer was filed and no action taken.

John Moore and Milton Brooks, colored, who took out a liquor license, at Seventh and Adams street, asked that their license be refunded. It seemed that they did business for about nineteen days and the council ordered the license refunded.

with one month deducted.

The motion for the mayor to confer with I. C. officials relative to building a school building at Clark's building a shed over the passenger depot, was adopted.

A petition from residents on 21st street asking for improvements to that street by graveling, was referred. They agree to dedicate enough property to the city to make the improvements possible.

A petition to grant W. N. Levan a ferry license or franchise at Clark's river, was referred.

The application of Miss Lena Henneberger for superintendent of the new city hospital, and those of Mrs. Alice Arnold and Mrs. Ella Green Davis, the latter of Owensboro, for matron, were filed.

A communication from Rudolph Street, of Tyler, who asked that the city replace a culvert to keep water from overflowing on his property, was referred.

City Solicitor Puryear recommended that settlements made with the city and the Western Union Telegraph Co., by Attorney J. C. Flournoy, for the city. This is in regard to collecting pole tax. The recommendation was received, filed and concurred in. Attorney Flournoy gets \$162 for his work in effecting the compromise.

Councilman McCarty asked to have a walk of some sort on George street for the benefit of the school children. The matter was referred to the board of public works.

The matter of extending water mains on Tenth street, between Clark and Jackson, was brought up by Councilman Taylor and the water company ordered to extend the mains.

The matter of an alleged double assessment of Wm. St. John was referred.

The mayor was instructed to ask the I. C. to keep the depot lights burning all night.

Councilman McElrath said that a foul stench pervaded the air near Third and Clay streets, and said he thought it came from the garbage dump and wanted the garbage dump moved down further because of the close proximity of the new city hospital. The matter was not acted on. On motion the board adjourned.

MALADY FATAL.

Mr. Will Curd, of Murray, Died at New Richmond, of Pneumonia.

Mr. Will Curd, aged 46, an attaché of the firm of Covington Bros., wholesale grocers, died last night at 11:45 o'clock at the New Richmond hotel from pneumonia, after an illness of several days. Yesterday it was evident that he could not last much longer, and he asked that his remains be taken to Murray, his former home, for burial.

The deceased was born and reared in Murray, and out of six brothers and sisters, leaves only a sister, Mrs. Dal Schroeder, of Murray. He was an uncle of Messrs. Will Ed. and Curd Covington, and a brother-in-law of Mrs. Ed. Curd, of Broadway, Paducah. He was an uncle of Mr. Harber McElrath, of Murray, Ky.

Mr. Curd was a popular man with all who knew him. The remains were taken to Murray today to be buried beside those of his mother.

Library Board Meeting.

The library board may at tonight's meeting take steps to get a little ready cash from the city. Mayor Yeiser does not see how it can be done until after June, when the taxes begin coming in, but the library is now greatly in need of funds, being unable to get a lot of new books ordered because of the lack of funds. The board's thinking of establishing at the library a "Municipal Menior Department," which will be a department for preserving every conceivable kind of information of general interest, of the municipality.

SOME INTERESTING FACTS ABOUT COINAGE

The director of the mint is called on to answer such a wide range of questions concerning the values of old and new coins and medals that he found it necessary to issue circulars covering matter of this sort.

They tell some interesting facts. It appears that the mint does not buy old coins, except some rare colonial coins in fine condition which are desired for the mint cabinet. Minted or uncurrent United States gold and silver coin is purchased as bullion. The mint has no pattern pieces for sale.

The government pays no premium for the return of any of its coins or paper money. New coins can not be struck until authorized by an act of congress. The mint supplies United States coins only, and not of any past date. The \$50 gold pieces and the half dollar and quarter dollar pieces in gold were struck by individuals on the California coast during the '49 period, and not by the United States government.

The coinage of the following coins ceased in the years named: Half and one cent copper, 1857; 1 cent nickel, 1864; half dime and 3 cents, 1856; 2 cents, bronze, 1873; 20 cents silver, 1873; trade dollars, 1883; \$1 and \$3, gold, and 3 cents nickel, 1889. The Columbian half dollar was coined in 1892 and the Isabella quarter in 1893. The Lafayette dollar was struck in 1899, the date on the coin 1900, being that of the unveiling of the memorial.

There are certain markings on every United States coin that enables the place of its coinage to be located. Those struck at the Philadelphia mint have no mint mark, but those struck at all other mints are distinguished by a small letter on the reverse, near the bottom. These letters are C for Charlotte, N. C.; discontinued in 1861; CC for Carson City, Nev., discontinued in 1893; D for Dahlonega, Ga., discontinued in 1861; O for New Orleans, and S for San Francisco. The coins of the United States now authorized by the law are: In gold, double eagle, eagle, half eagle, quarter eagle; in silver, dollar, half dollar, quarter dollar and dime; minor, 1 cent, bronze. A person may buy a proof set of gold coins from the mint for \$38.50 and a proof set for silver and minor coin* for \$1.50.—Chicago Chronicle.

LOST ALL.

J. L. Dunn's Home at Wickliffe, Ky., Burned.

Wickliffe, Ky., Feb. 7.—The residence of J. L. Dunn, liveryman, burned yesterday together with most everything in it. The origin of the fire is unknown, though it is thought it was from a defective flue as it was first noticed in the attic. Mr. Dunn left the house after making a fire and went to the livery stable, as is his usual custom. Mrs. Dunn having stepped out of the room a moment, upon going back into the room discovered the fire.

The family lost about everything except the clothing Mr. Dunn had on. Mrs. Dunn not having fully dressed and little baby Harkless with nothing on.

Mr. Dunn had \$400 insurance on household goods, and the building, which belonged to J. F. Cooke, was insured for \$500.

HAD TO GET OFF.

Passenger Left Cairo Train and Has Not Been Seen Since.

Conductor Robert Dawes, of the Cairo and Hopkinsville passenger accommodation runs, is bothered over a passenger he had last Saturday night who insisted on getting off the train at East Cairo, where he said he lived but failed to recognize any part of his surroundings.

When the train reached East Cairo, the stranger, who was very drunk, insisted on getting off. The conductor tried to keep him on, suspecting he was too drunk to know what he was doing, but got off he must and did.

No trace of him has been found in East Cairo and Conductor Dawes, who has been investigating to see if the passenger really lived in that place, says he can find no one answering his description, and some have advanced the theory that the man wandered down in the bottoms and was frozen to death.

Changed Boundary Line.

An order has been made in county court changing the boundary line of the Maxon Mill precinct so as to include about 25 voters who have had to go three miles to Cecil to vote, although their homes are within a short distance of Maxon.

HUSBAND DEAD.

His Wife Claims He Fired the Five Shots.

Boston, Mass., Feb. 7.—George S. Sargent, stationary engineer belonging to Gloucester, was shot and killed in a lodging house in this city last night. His wife, Annie, who was with him at the time, is under arrest, pending an autopsy. The woman told the police her husband committed suicide.

Sargent had called at the house to visit his wife, from whom he separated eight years ago. The two were alone in Mrs. Sargent's room late in the evening when other lodgers, according to their story, to the police, heard five shots fired, three in rapid succession and two after short intervals. Sargent's body was found in a pool of blood on the floor.

Mrs. Sargent said that during the evening her husband had talked of taking his life and that as she stepped to a closet door she heard two shots fired. She turned to see her husband fall. The shooting, she said, was done with a revolver belonging to her.

Daily Thought.

Book knowledge is valuable, but the knowledge which comes from mind intercourse is invaluable.—Success.

The Weather.

Increasing cloudiness with probable snow and slowly rising temperature tonight and Wednesday.

ANOTHER SOCIALIST FAILURE.

The fallacy of socialism has been demonstrated time and again whenever there was an opportunity. At various times people mostly of similar temperament, ideals and resources have banded themselves together into a socialistic community, but never were they able to adhere to their principles for long. If people of one thought and purpose did not or could not do it, how can exponents of the fallacy consistently claim that a county, state, or nation, embracing people of every kind, creed and condition, could or would succeed?

The largest and most successful socialistic society in existence is now about to dissolve. A dispatch from Iowa City, Ia., says:

"After fifty years of successful operation, the famous Anamosa socialistic society in Iowa county faces a serious prospect of dissolution. It has lasted longer and been more materially successful than any other socialistic community ever formed in America.

"From an initial membership of about 100, with a meager property, it has grown to 1200 and over \$3,000,000 in property. The society is composed of Mennonites, similar to the Quakers. They own most of the lands in three townships and have seven towns or villages, and are model farmers. The society operates the largest woolen mills in Iowa turning out a product that is famous all over the country. Everything is held in common, and the by-laws provide that a withdrawing member may be given a certain small amount for every year he has been a member. The accumulation of property has grown to such a point that a distribution of all the holdings would net about \$6,000 to each member, while the average withdrawal apportionment is only about \$800. Some of the younger element who want to withdraw, but do not choose to pay so heavy a price, are supposed to back the dissolution proceedings which have been started in the district court. They allege that the society, organized purely for benevolent and charitable purposes, has utterly exceeded its charter powers, and demand its dissolution and the division of the property. The movement will be determinedly opposed."

This will be the fate of all such societies. There is nothing to be

gained in advocating such theories. The day of ideals has given way to the day of stern reality.

As an indication of this country's growing greatness, is the fact that in the calendar year 1904, for the first twelve months in our history, the United States' exports of manufactures passed the \$500,000,000 mark. They amounted to \$201,000,000 in 1895, and \$141,000,000 in 1900, which was the high-water mark until 1904, when they were \$502,000,000. From present indications a further gain will be made in 1905, though this is not certain.

"I never before saw brick streets like these in Paducah," declared a traveling man yesterday. The gentleman can be assured, however, that the brick streets are there. The only thing the matter is that the city keeps them covered with dust in dry weather, mud in wet weather and snow and ice in cold weather. They'll probably last longer that way.

The city has had the gall to ask the Illinois Central to burn its electric lights all night at the depot. The Illinois Central should now file a cross petition and ask the city to burn its street lights all night. The city should practice what it preaches.

Don't be too hard on the Hargises and Callahans. They are only carrying out the first law of nature—self-preservation. Then there is some consolation in the thought that if they don't get their deserts here "there's a good time a-comin'."

Whenever you hear people kicking against a public improvement, look close and you'll see it is not the public or the town they are thinking of, but themselves.

Give us good streets. It is one of the marks of a lively, progressive city, and paved streets will never cost the property owners any less than now.

The best way to properly gauge the wickedness of Louisville is to read its daily papers. What they don't tell the preachers do.

We might stand six weeks more of winter, but it is to be hoped the ground hog didn't include the Kentucky legislature.

Probably when the Republicans of Missouri get used to having a majority in the legislature they will do better.

A Brenthitt family quarrel would have stirred up more trouble than that last Argentinean revolution.

CLOSE CALL.

Chief Wood and Stationman Evitts Thrown Out of Buggy.

Fire Chief James Wood and Stationman Sam Evitts, had a narrow escape from serious injury last night at 12 o'clock while going to the fire at Tenth and Harrison streets.

They were riding in the small buggy the chief always uses in making runs, and near Seventh and Harrison struck a pile of sand or dirt and Chief Wood was thrown about 30 feet, but fortunately alighted in such a position as to cause only a few bruises.

Pfeiman Evitts was also thrown out, but held onto the lines and stopped the horse. Both men answered the alarm and this morning are none the worse for the experience except a few bruises.

Chief Wood discovered this morning that his shoulders were pretty badly "jammed," and is worse injured than at first thought. He is indignant over the action of the contractors who left the sand or building material in the street unprotected by a light, and this afternoon warrants will be issued. It is said, against the persons responsible for the matter.

The Cigar Critic.

The man who usually knows a good cigar—the judge of tobaccos.

This is the smoker that we want to interest in our cigar case

If we get him started smoking our brands we know that our cigars will hold his trade.

PHONE 63

THE WORST DAMAGE KNOWN IN YEARS

South Tied Up by Cold, Sleet and Ice.

Peach Crops Reported Ruined—Ice Gorges Completely Tie Up All Navigation.

TELEGRAPH LINES ALSO SUFFER

Louisville, Feb. 7.—Not in many years has the south been subjected to such a severe stress of weather as has prevailed over the territory from Texas almost to the Atlantic coast and from the Ohio river many miles toward the Gulf of Mexico. Damage from rain, snow and sleet was widespread. From the peach district of north Georgia, Alabama and Tennessee come reports of heavy money loss by reason of damage to fruit trees; from Texas is heard much of the interruption to business and nearly every city in the south reported damage to telephone, telegraph, street car and electric lighting service, while in vast stretches of the country between cities and telegraph companies have lost heavily on account of damage to poles and wires, to say nothing of the loss of revenues by reason of impaired facilities.

The city of Atlanta, which under normal conditions has about 150 wires running in every direction, was shut off entirely from the outside world for many hours today, and Macon, Ga., could find no means of communication beyond its city limits. Vicksburg and Natchez, Miss., have been shut off by wire for 36 hours.

Many newspapers appeared in the smaller cities yesterday without a line of telegraph news and others were served under difficulty. Conservative estimate from Chattanooga places the property loss from the unprecedented freeze in that section of the fruit belt at \$100,000. Chattanooga, for the first time in its history, was completely icebound.

The sun shone in Shreveport, La., today for the first time in a week and it was the first day in that time that the temperature registered above freezing point.

The Ohio river is icebound to its mouth. In Louisville dynamite was used to break a gorge which threatened damage to many boats. There is no prospect of resumption of river traffic for some time to come.

LIKES PADUCAH.

Show Man Wants to Come Back and Play Ball Here.

Another baseball player has been so favorably impressed with Paducah that he wants to come back and play with the Indians this summer.

Stage Manager Easton, of the "Coon Hollow" Company here last night, is a well known baseball player, and has caught for both the Urbana and Springfield, Ohio, teams. He goes on the road in winter with theatrical troupes and plays ball all summer. He will today make an effort to get a trial with the Paducah K. I. T. team, and if he does will return in time for early practice.

FIREFMEN TO TRAIN.

They Are Putting in a "Gym" on North Fourth.

Stationmen at fire department No. 1 on North Fourth street, are preparing to go in for athletics and are converting the rear of the station into a small gymnasium.

This morning a punching bag was put up and dumb bells, Indian clubs and such athletic paraphernalia will be secure to make the "gym" complete.

The firemen have no opportunity for regular outdoor exercise like other people because they are at the station most of the time. They intend also to engage in regular boxing bouts with one another.

JOB FOR "BAT."

Masterson Appointed Deputy U. S. Marshal in New York.

New York, Feb. 7.—United States Marshal Herkel has announced that William B. Masterson, known as "Bat" Masterson, will be appointed a deputy United States marshal for this district. Masterson was town marshal of Dodge City, Kan., and sheriff of Ford county, in that state in the old "bad-man" days, and made a reputation for dealing with lawless characters with a stern hand. He has lately been sporting editor of the New York Telegraph.

ICE GORGES FORMING IN MANY NEW PLACES

The River Outlook is as Black and Gloomy as Ever.

The Gorges Will Become Dangerous Whenever There Is a Thaw.

AFTER ICE COMES HIGH WATER

The river outlook is just as gloomy today as it was a week ago, and instead of the ice thinning out in Tennessee river, the cold weather has caused it to gorge in that river, and new ice is daily forming. This morning there was much new ice floating in the Tennessee in the Paducah harbor and while it was thin it will get thick as the weather continues cold. At Leach Creek the ice has gorged and the Duffey and Pavonin are behind the gorge and unable to get out. The Russell Lord came out yesterday and went back today, reporting little prospect of the Duffey getting out unless the gorge gives away, which is unlikely at this temperature, for several days.

The Ohio is showing little heavy ice because of gorges above, but a great deal of new ice and few boats are stirring. The Cowling is still pegging away and the Clyde got out of Tennessee river last night. The Lyda did not get away yesterday to Tennessee river but waited until today. The Charleston is also laying here and will leave tonight for Tennessee river. These are the only boats moving in the harbor here except the tug Lizzie Archibald, of Itrookport, which did a little towing this morning.

The Victor will likely attempt to go to Joppa tomorrow with ties but will not leave unless the ice has thinned out.

The gauge here is still frozen and the observer cannot tell the reading. A little fall likely occurred last night, however. The wind is from the east with clear weather. Temperature 12 at 7 a. m.

It seems that the troubles of the river men are never to end. After a long drought with a stage of water that tied up every boat from Pittsburgh to Cairo a boating stage came and was almost immediately stopped by the cold weather and ice.

It would now take several days of warm weather to get the rivers free from floating ice if we had the warm weather, and then that ice which is gorged would have to be reckoned with. The gorges, when they break, are likely to do great damage to floating property, despite the precautions that have been taken to get all boats into safe harbors. These gorges are so packed and frozen with huge, sharp cakes of ice that they might not give way for days after a thaw that would leave the river otherwise free of ice.

Then after the ice will come high water, which if only as high as usual will be high enough to submerge many of the smaller landings, and thus again work a hardship on the steamboat owners, because it is as hard to make money during very high water as during very low water.

River men are a patient lot, however, and they can always see brighter days ahead, which is a trait that serves them well these kind of times.

MIDNIGHT RUN.

Fire Department Called Out By Small Blaze.

The fire departments were called to the residence of Mrs. Byrd, at Tenth and Harrison streets last night, about 12 o'clock.

The kitchen caught fire from a flue and was pretty badly damaged. The firemen did good work and the loss will be only about \$100, covered by insurance.

This is the first run the departments have had since the streets have been in such bad condition, but little trouble was experienced. The horses are all rough shod and slipped but little.

Elks Ready for Conference.

The Elks' Building committee will take the first actual steps towards building the Elk Home on the 15th when a conference will be held with Architect Kenneth McDonald, of Louisville, and some definite plans for the building. Architect McDonald will arrive here on the 14th and will meet with the committee on the 15th. The intention, as previously stated, is to build this year and after the meeting on the 15th the work will progress with greater rapidity.

These Days Suggest a Few Thoughts on Shoes

Many a man has had a "bad spell" of la grippe or pneumonia caused by cold or damp feet, and never knew the cause. Are you wearing the right kind of shoes these damp, sloppy day?

We are selling good strong water proof shoes for men and women, boy or girl that absolutely defy the elements.

The prices suit the purse.

Lendler & Lydon

Theatrical Notes

Mr. H. H. Bertzel, agent for "The Irish Pawnbrokers," was in the city today.

"Coon Hollow" was witnessed by a small audience at the Kentucky last night, but is a good play of its kind. The indications for "Arizona" tomorrow night are good. Many people have been holding off for Arizona, as it is a great favorite here.

M. H. Raymond will again present "Arizona," America's greatest play at The Kentucky tomorrow night. The cheering public seems never to tire of this charming comedy-drama and hall each succeeding visit with delight. You will see the same bluff hearty Canby and his comely wife, the same Estrella, with her weak points that are nurtured by the flattery of the captain until the frank open-hearted Lieutenant Denton awakens her to her danger; charming, ingenious Itonia, with all the sprightliness of youth, the sedate, cavalier-like husband, Colonel Bonham, and all the attendant characters, including the vaquero, Tony, the blundering and his eccentric love-making to Miss McCullagh, the strong-minded school teacher; Lena, the servant-maid who has been deceived by the captain; Sergeant Keller, her father, and all the minor characters which go to make up the cast of this more than interesting play.

Seldom is it given to a musical organization to attain such wide popularity as that which has fallen to the lot of the Kirke La Shelle Comic company. This excellent organization has played in all the chief cities of the United States and Canada, from Montreal to Los Angeles, and everywhere has met with the same favorable reception which first celebrated its production of "The Princess Chie," in New York. It seems that the company reaches a higher standard of excellence than that of similar organizations. This duty opera company is universally pleasing. Manager English announces the presentation of "The Princess Chie" for matinee and night next Saturday.

Today's paper may have some very important news in it; but the man who is thinking of buying a house or some land will turn to the real estate ads. FIRST, and read the news afterwards.

Masonic Notice.
Plain City Lodge No. 449, F. and A. M., will meet at 7:30 p. m. tonight. Work in M. M. and E. A. degrees. Visitors welcome.
GEO. O. INGRAM, Master.
Fred Roth, Sec.

SCHOOL BOARD.

Regular Meeting to Be Held This Evening.

The school board will meet in regular session tonight and will hear a report on the work of the first term, which ended a week ago.

Supt. Lebl will make a report on the attendance but simply outline a report on the work. The first term has been very successful and the last month the attendance ran above 95 per cent of the enrollment. The teachers are at present having difficulty in the high school because of the crowded conditions but hope to have relief after the meeting tomorrow, when the matter of employing a new instructor for the high school will be settled.

The past week the attendance has been bad on account of the weather, but when better conditions exist, the teachers think the attendance will come up to the 95 per cent mark again.

THE I. C.

Is Still Making a Record As a Dividend Payer.

The Illinois Central recently celebrated its 100th consecutive semi-annual dividend by giving its stockholders an extra half of 1 per cent. In addition to its regular dividend. In the 50 years covered by the Illinois Central an average of 6 1-2 per cent. on the stock has been paid. The total amount being \$100,000,000. The Pennsylvania railroad commenced paying dividends in May, 1856, and has paid out an average of 7 per cent., the total amount being \$319,900,000 or about \$25,000,000 more than the present capital stock. This takes no account of the "scrip" dividends which were paid from time to time. The Illinois Central in the west and the Pennsylvania in the east hold the records as dividend payers.

E. L. President Resigns.

The Senior Epworth League of the Broadway Methodist church held its February business and social meeting with Mrs. Minnie Herndon on North Sixth street last night.

Prof. E. G. Payne, who in December was re-elected to the presidency of the league, handed in his resignation, pleading a press of other duties, and it was most reluctantly accepted. Mr. Payne has been one of the most capable, efficient and faithful presidents this organization has ever had, always in his place and bringing the trained intellect of the student to aid the other qualifications necessary for this office, and much regret is felt that he could not see his way clear to continue the office.

Mr. Edward Bringham was elected to fill the office, and will do so with honor.

Social Notes and About People.

Twenty-fifth Wedding Anniversary.

The Luther Social club last night pleasantly surprised Mr. and Mrs. P. Hummel, Jr., of 519 Harrison street, in honor of the twenty-fifth anniversary of their marriage. The occasion was a very happy one. Rev. A. C. Ilten delivered a beautiful address appropriate to the occasion. An elaborate wedding supper was served during the evening.

Mr. and Mrs. Hummel received many handsome presents, and an especially appreciated token that came as a pleasant surprise was a beautiful wedding card with greetings and congratulations received from Rev. H. J. Ansorg of St. Louis, the minister who married them twenty-five years ago.

The guests present were: Rev. and Mrs. A. C. Ilten, Mr. and Mrs. H. Kamleiter, Mr. and Mrs. O. D. Schmidt, Mr. and Mrs. W. P. Hummel, Mr. and Mrs. John Birch, Mrs. Dora Kolb, Misses Therese Kolb, Mary Berger, Louise Rottinger, Annie Berger, Freda Dunbar, Katie Hacker, Ida Nieman, Sophia Hacker, Annie Thomas, Louise Maurer, Bernice Schmidt, Messrs. Gus Wieman, George Meyer and Legay, Chas. Warner, Will Pieper, Otto Gross, Will Rottinger, George Backer.

Series of Entertainments.

At a meeting of the woman's committee of the Y. M. C. A. yesterday afternoon with the president, Mrs. James A. Rudy, an elaborate series of entertainment was arranged for the 21st and 22nd of this month, that will have many novel and taking features. On the 21st the ladies will serve a New England dinner, and in the evening there will be a reception at the association, with a colonial drill and other attractive features. On the 22nd at noon a merchants' dinner will be served. In the afternoon there will be a pretty colonial tea, and in the evening after the theatre a lunch will be served.

The ladies having charge of this are accustomed to giving successful affairs and will be equal to this occasion in all of its details.

Evening Card Party.

Miss Eda Bergdoll of South 11th street, entertained last evening most pleasantly at enche. The ladies' prize was won by Miss Anna Harlan, and the gentlemen's prize by Mr. Joseph Roth. Delightful refreshments were served.

Valentine Dance.

A number of the young society men will give a Comic Valentine dance at the Palmer house on Wednesday evening the 15th. The list goes on at Walker's drug store next Monday.

Delphic Club.

The Delphic club met this morning in the club room at the Carnegie library. The program was an interesting one.

Follencela Club.

Mrs. Charles Abbott is hostess to the Follencela club this afternoon at her home on North Sixth street.

Entre Nous Club.

Miss Frances Terrell is entertaining the Entre Nous club this afternoon at her home on Kentucky avenue.

U. D. C. Meeting.

The Paducah Chapter of the Daughters of the Confederacy is meeting this afternoon with Mrs. Mark Werten of North Ninth street.

Standard Club.

The Standard club entertained last evening at their club room on Broadway with an enjoyable card party and dance.

Mr. Pete Garvey returned from Jackson, Tenn., this morning where he had been on business.

Mr. E. M. Johnson of the Pool & Nance undertaking house, has gone to Princeton.

Superintendent W. J. Hills of the N. C. and St. L., left for St. Louis last night on business.

Mr. Jake Corbett, of Ballard county, was here yesterday visiting his mother.

Miss Isabella Mohan has gone to Cincinnati to enter the college of music.

Mrs. Edward Vaughan has returned from Memphis.

Miss Alta Thompson, of Mayfield, returned home yesterday after visiting her uncle, Mr. H. H. Worley.

Miss Opal Moore, of Jackson, Tenn., who has been visiting Miss Louise Sauerburg, returned home this morning, accompanied by Miss Sauerburg, who will visit her.

Mr. W. B. Kennedy has returned from New York, where he has been

BATTERED THE DOOR.

Express Messenger Prevents Burglary of Express Office.

Two negroes last night about 11:30 o'clock attempted to burglarize the offices of the Southern and Adams Express companies, which are consolidated and located two doors from The Sun, on South Third street.

Agent W. J. Decker early in the night noticed two suspicious negroes loitering about the office on the outside and occasionally peering in through the window, but thought nothing of the matter. He went home after locking the office securely and left Express Messenger Luther Lindsay in the rear asleep.

About 11:30 o'clock Lindsay was awakened by a noise and realized that some one was attempting to break in the back door with a post or some heavy instrument. He shouted as loud as he could, his revolver being in the front of the office, and the negroes ran.

It is thought that these are the same negroes who attempted to break into the residence of Mr. J. U. Schroeder on Tennessee street this morning about 1 o'clock. The police will keep a lookout for the negroes.

Keeping boarders is often

the beginning of successful hotel management. The man who has made money with boarders, who has learned how to keep the tables filled with guests—how to advertise—has learned more than half of the art of hotel-keeping.

BLISS' FORECAST.

Over in Illinois Hicks, Devoe, Foster and many others have a little standing as weather prognosticators. The boy who is there with the goods is Charlie Bliss, of Hillsboro, Ill., who every month gets off something like this in the Montgomery News.

"February was the month of purification amongst the ancient Romans, being derived from the Latin word februo, februa, februth, februlium, or some such nonsense, meaning to bathe or purify. Hence the ancient Romans took their annual bath in the river Tiber in February and filled the water with microzoa, infusoria, tonic phytosoria, Etruscan bacilli. The Chief Sanitary Inspector of the Rome board of health finally ordered bathing in the river Tiber to cease as it was a menace to the health of the carp. February has to be operated upon for appendicitis every four years, but in other respects it is about the robustest month of the year.

"This month the gander meets his fate and takes a goose to his mate, and human geese will do likewise if they believe in Cupid's wiles, and in matrimony prance if they are given half a chance. Next is the woman and the man who use a wise, sagacious plan, and never mate with reckless speed, nor wait until they've gone to seed. But ere they wed they carefully observe each other's pedigree. Then if they find there is no sham in either strain of sire or dam a wedding is announced, and they join hands and dance down life's pathway.

"Washington and Lincoln were born in February, but were always ashamed of it and often regretted that they did not postpone the event until May or June. During the month the United States senators will continue to yammer about senatorial prerogatives and obstruct the wheels of progress. Bankers will continue to be Chidwicked, Kuropatkin and Oyama will see-saw back and forth killing 25,000 at a clip, and sleet and snow the air will fill, the winds will still blow cold, and idiotic cranks will kill the peaches as of old."

Bankruptcy Sale Notice.

In the District Court of the United States for the Western District of Kentucky.

In the matter of Charles Q. C. Leigh, bankrupt. Notice is hereby given. By virtue of and pursuant to a decree rendered herein on the 26th day of October, 1904, and an order made herein on the 23rd day of January, 1905, that I, the undersigned trustee, shall offer at public sale to the highest and best bidder on the 13th day of March, 1905, at 10 a. m. o'clock, at the court house door, in the city of Paducah, McCracken county, Kentucky, on a credit of six and twelve months, in two equal payments, the purchaser to execute bond therefor, with good and approved security, bearing interest at six percent per annum, free of liens and free of the dower and right of home stead of Edna Leigh, wife of said bankrupt, all and singular the undivided and three-fourths interest of Charles Q. C. Leigh in and to the following described real estate, situated in the city of Paducah, McCracken county, Kentucky, to-wit:

Being a part of lot No. 172, block 19, addition B, to the city of Paducah, Ky., lying on the south side of Court street (now Kentucky avenue), and west side of Fourth street, and beginning at the corner of Fourth and Court streets, thence in a westerly direction along the line of Court street and towards Fifth street, 56 feet and 7 1/2 inches; thence at right angles parallel with Fifth street, 86 feet and 3 inches; thence at right angles parallel with Washington street on to Fourth street, 86 feet and 7 1/2 inches; thence with the west line of Fourth street in a northerly direction 96 feet and 3 inches to the place of beginning. Being the same lot or parcel of ground conveyed to W. M. Gardner by E. B. Jones, Master Commissioner, on the 12th day of December, 1873, and recorded in deed book W, page 517, McCracken County Court Clerk's office; and the same property willed to W. M. Gardner, James L. Gardner and S. J. Gardner, and conveyed by W. M. Gardner, James L. Gardner and S. J. Gardner to C. Q. C. Leigh, the bankrupt.

A report of appraisement has been filed herein and the value of said property is fixed at \$6,000.00.

ARTHUR Y. MARTIN.

Trustee in Bankruptcy for Charles Q. C. Leigh.

Paducah, Ky., Jan. 28th, 1905.

A man no sooner begins to get up in the world than some woman calls him down.

SHOT AT BURGLARS

NEGRO SURPRISED TAMPERING WITH LOCK—SHOT AT BY MISS SCHROEDER.

Attempted Burglary On West Tennessee Ended In Surprise For The Thieves.

Although the night was cold, two negro burglars who attempted to break into the residence of Mr. J. C. Schroeder, at Sixth and Tennessee streets, this morning about 1 o'clock received rather a warm reception.

Mrs. Schroeder has been ill for several days and her daughters, Misses Inez and Clara, were sitting up to attend her. About one o'clock this morning they heard a noise at a side door and Miss Clara procured a pistol went upstairs and out on the porch to investigate.

Looking down she perceived two negroes tampering with the lock, and without hesitating or making an outcry, began to shoot. Three shots were fired in quick succession. The men ran, and were evidently not hit. They escaped in the rear, but Miss Schroeder thinks she could recognize them again if she saw them, because the electric light was burning nearby and throwing a light directly on them.

PRISONERS FREE.

They Cannot Work and There is No Use Feeding Them.

The weather being bad and the city lockup prisoners unable to be worked, Judge D. L. Sanders suspended the remainder of the fines in several cases today and ordered the prisoners released.

Judge Sanders stated that the city could not work the prisoners this kind of weather, and that they were simply living off the city. Having but a few more days to serve, he decided to order them released. About five were released.

CARNIVAL AGENTS

DUE IN A FEW DAYS

Parked Man Will Visit Local Association Feb. 10th.

The Mundy Representative Will Come Five Days Later—Others To Be Heard From.

CARNIVAL WORK PROGRESSING.

The Paducah Carnival association will hold its next meeting on the 20th to elect officers, but before that time the committee will hold meeting with representatives from the Parker and Mundy companies relative to furnishing attractions.

The Parker man will be here on the 10th and will be followed on the 15th by the Mundy representative. The propositions will be submitted and other companies are to be heard from later. As soon as possible the contract will be let.

The week of the carnival hinges somewhat on the company getting the contract, and it may not be that the carnival will be held on the week of the 5th, because it might not be possible for the company landing the contract.

Sec. Rodney Davis stated today that he is receiving many letters about the carnival which seems to be well advertised already, and he predicted the most successful carnival in the history of the city. All preliminaries possible are being arranged now and there will be little to do other than the actual work of putting up the carnival after the contract has been let, active plans of advertisement having thereby been arranged.

NEW TEACHER.

Will Be Elected to Succeed Mrs. Herndon Who Resigned.

Mrs. Minnie Herndon, teacher of the eighth grade in the High school building, and assistant principal, will tonight tender her resignation, making a vacancy for the board to fill. She will go to Clarksville to attend the bedside of her sister-in-law, Mrs. C. B. Lyle, who is very ill, to remain indefinitely.

Supt. Leib yesterday transferred Miss Iona Desha from the Longfellow building, Fifth and Kentucky avenue, where the school is not so crowded, and placed her in the High school building in the seventh and eighth grades, which will enable the teachers of the High school to handle the overflow of pupils to a better advantage. By this arrangement, it is thought the extra teacher asked for in the High school will not be required, but if the board sees fit, the addition of the teacher will be received with pleasure by the High school teachers and Superintendent Leib.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. W. D. Smith writes, April 3, 1902: "I use Herbine and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. DuBois, Kolb & Co., Paducah, Ky.

ASTHMA FOR TWENTY YEARS.

The Latest Scientific Discovery Accomplishes Miraculous Results

Glenmont, N. Y., Feb. 7.—After suffering for twenty years from asthma and being unable to walk unassisted from one room to another in all that time, Mrs. William Welch, wife of a prominent citizen of this place, has been entirely cured by the use of 900 drops of the new Austrian drug, Asatoco. She is now enjoying perfect health, and performs all her household duties and takes long walks, having walked three miles yesterday, attracting wide attention. The Austrian dispensary, No. 6, East 14th street, New York City, by special commission, is supplying Asatoco free of charge to all who write for it.

WAYHOO

The great Blood and Nerve Tonic, put up in 50 bottles, will be sold for the next few days at 50c per bottle at

DUBOIS, KOLB & CO.

AND GEO. C. KOLB & CO.

An Open Letter.

Saturday's Paducah Sun contained an article signed "T" supposed to be the representative of the Smith-Premier Typewriter who, referring to my report to the "Register" of that date regarding Miss Marcia H. Healy's abandonment of Hens Pitman shorthand for Gregg shorthand and of the double keyboard machine for the "Remington," characterized part of my statement as false. His statement may have been partially due to ignorance of the facts. Even if she used her employer's machine till the day she left, she abandoned it before departure. She studied Touch Typewriting on the Remington and Gregg shorthand, both at the Central Business College and completed both before she left Messrs. Hecht & Co.'s employ, in whose office she had, for five years, operated a Smith-Premier machine and practiced the other shorthand. She wrote that she never before, had any idea that she could accomplish as much work as she has been doing with Gregg shorthand and the Remington machine. Her letter may be seen at the college.

Regarding his remark about me "pulling" for the "Remington," it would seem foolish for me not to do so, since the pupils are taught to use it and most positions require its use. My other reasons for using it solely are set forth in my letter published by the Remington Typewriter Co., a copy of which letter will be sent to anyone by the Remington Typewriter Co., upon request. I do not criticize the Smith-Premier machine, I simply like the Remington better and my preference is well founded.

Regarding his uncalled for expression, "would-be Commercial College," fourteen of Central business college pupils took positions last month, most of them here in Paducah. Let those who wish to know how they do their work, go and inquire. Their names and addresses can be had by telephoning the college or writing for them, and numerous letters from pupils earning their livelihood are on hand for inspection. None of its typewriting graduates are unemployed and none of its graduates ever failed in any attempt to hold a position. Some of its bookkeeping pupils are earning \$75.00, \$100.00 and \$125.00 per month at bookkeeping right here in Paducah. One, who is only a boy sixteen years old, is earning \$35.00 per month in his first bookkeeping position.

I looked for the man whose statement has been so uncalled for, to convince him of his error, and was informed that he had immediately left the city.

WM. C. STRONG.

DIED IN ARKANSAS.

Mr. Augustus Barry, formerly of Marshall, Dies in Paragould.

News has reached the city of the death at Paragould, Ark., of Mr. Augustus Barry, aged 60, a brother of Mrs. Jesse Gilbert, of South Seventh street, and of Mr. Kirk Barry, of South Ninth street, Paducah. Mr. Barry moved to Paragould from Benton, where he was in the grocery business, five years ago, and had been ill for some time, his brother at Benton, Judge Eli Barry, being called to Paragould last Saturday.

He leaves a wife and four children and besides the brothers and sisters, named, leaves two other sisters, Mrs. Kate Eley, Clay Switch, Graves county, and Mrs. Hunt, of Leesburg, Fla. It is thought the remains will be buried in Arkansas.

Itch—Hingworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Hallard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c, and \$1.00 bottle. DuBois, Kolb & Co., Paducah, Ky."

Visiting in Paducah.

Mr. William Headles, who formerly ran out of Paducah as conductor on the I. C., but now of Birmingham, Ala., on the Frisco road, arrived this morning to visit his family. He has been in Birmingham since January first, and has not missed a day's time. He likes the country and is pleased in every way with his new position.

KENTUCKY NEWS TOLD IN PARAGRAPHS

Attempted Arson.

Murray, Ky., Feb. 7.—The old panis factory that is being used for a school here since the college burned, was set on fire several nights ago, but the conductor on a passing train saw the blaze and gave the alarm, the flames being extinguished before much damage was done. Deaks were found oiled up high where the fire started and it was evidently a case of incendiarism, but no clue was left.

The frame tobacco warehouse of H. A. Fruitema & Co., here, that was filled with tobacco, collapsed Sunday from the heavy snow on it. The loss it is claimed, will amount to about \$4,000.

All Must Be Vaccinated.

Smithland, Ky., Feb. 7.—The board of health of Livingston county has ordered that all persons in the towns of Smithland and Minkneville, who have not heretofore been vaccinated, must now be within ten days.

In making this order the board acted under the advice of Dr. McCormack, secretary of the state board of health. There are two new cases reported at Minkneville, and one reported here.

Farmers' Institute.

Smithland, Ky., Feb. 7.—Hon. G. N. McGrew, president of the Farmers' Institute of Livingston county, states that February 22nd has been decided upon for the meeting of the Institute in Smithland.

Accidentally Wounded.

Harlan, Ky., Feb. 7.—Isaac Kilgore, who lives on Poor Fork, about thirty miles east of here, accidentally discharged his shotgun and the entire charge went through his side. He is in a very serious condition and not expected to live. Alex Farmer shot and dangerously wounded Geo. Noe on Martin's Fork, six miles south of here.

Morgantown Notes.

Morgantown, Ky., Feb. 7.—A commercial club will be organized in this city this evening with some of the best business men of the place as the promoters and Mayor James S. Black at the head.

Work is going steadily ahead on the new opera house which will be a structure of size and beauty unusual for a town of Morgantown's population.

The stock has all been taken for the new bank to be opened in Uniontown on March 1, with some very substantial men as directors. This, with the new bank just organized at Henshaw, this county, and the First National, recently opened in this city, gives Union county three new banks.

The big distillery, the third largest in the world, will open on Feb. 9, after having been closed for several years. The plant will be run at full capacity, which is 2,000 bushels of corn a day, and Harry Wilkens, of Petersburg, will have charge of the distillery.

Postmasters and Carriers.

Washington, Feb. 7.—Postmasters have been appointed as follows: Kentucky — Altamont, Laurel county, Nell Thompson; Fletcher, Laurel county, Lucy E. McFarlane; Reeder, Carter county, John W. Howell.

Isaac W. Spires has been appointed regular, and St. James and L. Clarkson, substitute, rural carriers for Route 2, Parksville, Ky.

Collector at Danville.

Louisville, Ky., Feb. 7.—A telegram from Washington says that S. J. Sherman Cooper of the 11th Congressional district, has been appointed collector of internal revenue for the Danville district. Judge Denton has been collector. He is a Hunter man, while Cooper has always been a staunch supporter of Congressman D. C. Edwards.

Verdict for Full Amount.

Louisville, Ky., Feb. 7.—Despite threats of suicide and strong circumstantial evidence, the jury in the suit of Paul Caine's estate against the United States Casualty Co., returned a verdict giving the estate the full amount sued for, after being out fifteen minutes. Appeal will be taken. This was the last of the Caine suits, other policies having been compromised for two-thirds.

Much Pneumonia.

Mayfield, Ky., Feb. 7.—It seems that pneumonia is very prevalent in various parts of the county. A number of cases are reported in the

neighborhood of Buena Vista. Among them is the son of Mr. Joe Barnes, Ed. Browder, Marshal Osburn, wife and son. Mr. Joe Bennet, 27 years old died Sunday of pneumonia, and was buried Monday at the Peanegar graveyard.

Burglary in Hardwell.

Hardwell, Ky., Feb. 7.—A bold burglary was committed at Hardwell in which the thieves got away with a large amount of clothing, shoes and other goods to an unknown amount. They broke into the general store of J. W. Turk during the night and helped themselves. Several hundred dollars' worth of goods were taken.

Clerk of U. S. Court.

Louisville, Ky., Feb. 7.—Judge Walter Evans has decided to appoint Allie W. Ronalds, a young attorney, clerk of the United States court here. Ronalds has always been looked upon as a democrat. He is the partner of Judge A. E. Richards, whom Mayor Gralager appointed city attorney. The clerkship is worth \$6,000 a year.

Valuation Raised.

Hopkinsville, Ky., Feb. 7.—The Christian county board of supervisors have completed their work. They raised the property valuation about \$300,000, which will bring the assessment up to \$9,600,000.

Dies of Dropsy.

Hopkinsville, Ky., Feb. 7.—Leander R. Davis, a retired merchant and well-known citizen, died at his home near the city of dropsy. He was seventy-two years old and leaves a widow, who was his second wife, and five children. Councilman L. H. Davis, of this city, is one of his sons.

INTERURBAN LINE.

Network of Electric Roads to Traverse the South.

Nashville, Tenn., Feb. 7.—J. H. Connor, C. L. Ridley and other Nashville men filed application for a charter for the Nashville and Huntsville Electric railway. The capital is nominally \$50,000, but it is said New York, Chicago, Philadelphia and St. Louis capitalists are behind the company. The road from Nashville is to be run through a rich section of country and at Huntsville it will connect with a system extending to Pensacola.

The line from Nashville to Huntsville will be 107 miles long, while the Huntsville-Pensacola line will be 315 miles. The promoters say the Nashville-Huntsville line is to be the middle section of a vast rapid transit system, to run eventually through Memphis, Nashville, Birmingham and Montgomery to Pensacola.

RIVERS AND HARBORS.

There Are a Number of Projects On Which States Pay a Part.

Washington, Feb. 7.—A feature of the new river and harbor bill is the insertion of a number of projects for which appropriations are made conditional upon the expense of the improvement being shared by the state or municipality benefited. These include: One hundred and ten thousand dollars for lock and dam No. 11 in the Muskingum river, upon the expenditure of \$200,000 by the state of Ohio for the improvement of the Ohio canal, connecting Muskingum river with Lake Erie; for South Haven harbor, Michigan, \$500,000 upon the establishment of proper dock lines and building of bulk heads and deepening to the United States property lying on the channel side of these dock lines; for the improvement of Sturgeon bay and Lake Michigan ship canal \$50,000, on the changing of the location of a bridge across the canal.

Hospital Committee Meeting.

The joint hospital committee will meet this afternoon for the purpose of hearing charges of irregularities at the city hospital. It is alleged that when some of the patients set up in the morning during convalescence, they are not permitted to return to bed. Every once and a while these investigations are held, and they usually show that the hospital matron does her work well.

Gang of Thieves Broke Up.

New York, Feb. 7.—Inspector O'Brien announced today that with the arrest of nine men suspected of robbery, a gang of organized thieves who have been terrorizing the residence section of New York for weeks has been broken up. More than twenty thousand dollars' worth of valuables were recovered in a warehouse.

IN THE COURTS

Circuit Court.

Circuit court has been dragging today and practically nothing was done of importance.

The only actual order filed of public interest was in the case of Nelson Vaughan, colored, against Dr. W. C. Eubanks. Vaughan was accused of stealing an overcoat from the doctor and locked up for several hours. Later the doctor found his coat where he had left it at a patient's. Vaughan sued for \$5,000 and got \$300 damages, and this afternoon Judge Reed granted a new trial to the plaintiff.

Bankruptcy Petition.

Elia Wolff, of Princeton, Caldwell county, Ky., this morning filed a petition in bankruptcy, giving liabilities to the amount of \$9,555 with \$2,000 assets. She owes no Paducah firms. She is the first woman to file a bankruptcy petition in a long time.

Justice Sears' Court.

Tomorrow afternoon Justice Sears, in Mechanicsburg, will investigate a general fight that occurred in "Canaan" in which about ten are alleged to have been mixed up. Constable Shelton is investigating it, and Rose Anderson and Rora Looney, colored, were arrested and are to be tried tomorrow.

Police Court.

Police Judge D. L. Sanders had another "cold weather" docket this morning.

Charles Leverier, colored, was charged with whipping his wife and drawing a knife on a man. The case was continued.

Flora Bell and Stanley Walker, colored, had a fight. The Bell woman was fined \$10 and costs, and Walker \$1 and costs.

Turner Williams, colored, drove off last night with Will Marable's hack. He was arraigned for disorderly conduct and the case continued. He claims some man told him to drive him to a certain house, and he thought the man had engaged the hack.

Suit On Judgment.

W. A. Gardner, this morning filed suit in circuit court against James W. Thompson and other heirs of the late Mrs. Wilson Thompson, to recover a balance of \$137 on a judgment secured several years ago, against James Thompson on a note.

The note was for about \$500, and a judgment for the debt and sale of property was secured. The sale brought some money, but left a balance which now amounts to \$123 with interest. The plaintiff asks for a warning order against the other heirs and the settlement of his judgment.

C. M. Leake Incorporates.

Articles of incorporation of the Charles M. Leake Co., have been filed in county court.

The corporation is composed of Charles M. Leake, 62 shares, J. T. Leake, 24 shares and E. P. Toof, 24 shares. The capital stock is fixed at \$10,000, divided into 100 shares of \$100 each. The purpose of the corporation is to carry on a general printing business, which is located on lower Broadway.

Favors Playing Sunday Ball.

Scranton, Pa., Feb. 7.—In a sermon on "Child Labor" at St. Peter's cathedral Sunday, Rt. Rev. M. J. Hoban, bishop of Scranton, came out unequivocally for permitting working boys to play athletic games on Sunday.

After picturing the hardships many of the boys of this community are put to in the mines and mills day and night, six days a week, he criticized those who protest against them enjoying the Sabbath in harmless recreations, and added:

"I say let them play baseball or football or any other kind of ball to their heart's content. The good Lord will be pleased to see them do it, I aver, providing they are good boys."

Magnificent Palace Burns.

Berlin, Feb. 7.—The magnificent palace of the Grand Duke Ernest, of Saxe, at Altenburg, burned during the night. A number of valuable pictures, treasures and manuscripts were destroyed.

Church and State.

Paris, Feb. 7.—The council of the administration, at a meeting today discussed the question of separation of church and state. No result of the discussion was announced.

THE PADUCAH BANKING COMPANY
Solicits deposits be they ever so small.

MARCH THE 12TH

K. I. T. LEAGUE WILL MEET TO CONSIDER SCHEDULE.

President Brown Has About Fifty Applications From Umpires Already.

President Brown is busy receiving applications from umpires. He has about 50 applications. Among the many applicants is Newt Atkinson, formerly with Clarksville and later in the Colton States league. He is now in St. Louis, and wants to umpire the Kitty league this season.

President Brown says that he has decided to call the league meeting for the purpose of arranging a schedule on the second Sunday in March. He has written every city for suggestions on the number of games to be played. President Brown wants 156 and asks the approval of the entire league. When this is settled he will present the matter to the league and recommend the appointment of a committee to examine and bring in a schedule for adoption.

NO LONG CRUISE

Denied That Prince of Wales Is Going Around the World.

London, Feb. 7.—No British cruiser squadron is leaving England at the end of February on a cruise around the world under the command of the Prince of Wales. The admiralty official who gave this denial of a story which had gained circulation, added that no preparations were being made for the present for any cruise by the Prince of Wales. As King Edward expects to go to the Mediterranean early in March, and possibly extend his trip to Egypt, it is not at all likely that the Prince of Wales will undertake a long journey at the same time.

The second cruiser squadron, commanded by Admiral Prince Louis of Hattenburg, will be inspected by the King of Portsmouth at the end of the month, and it will then start on a cruise of several months, with the object of showing the British flag in distant waters. The squadron will visit American ports among others.

PREACHER KILLS HIMSELF.

Swung From a Rafter in the Basement of His Home.

St. Louis, Mo., Feb. 7.—The dead body of Rev. Martin McFarland, aged 68, was found hanging from a rope in the basement at his home in North St. Louis. McFarland had returned from a visit to Granite City, Ill., this morning.

Later in the day he went into the basement, tied one end of the rope to a rafter, the other around his neck and jumped from a chair. He had been dead only a short time when found. His health was said to be the cause.

WHERE THEY FOUGHT.

Will Be Commemorated By Friends of Spanish-American War.

Washington, Feb. 6.—General S. B. M. Young and Col. Webb Hayes called on the president. They will start for Cuba in a few days, accompanied by Col. Arthur L. Warner to mark the principal points where fighting occurred between Americans and the Spaniards. They go as a committee from the Society of Santiago, appointed for the purpose. A number of old cannons will be used to mark the spots to be replaced later by enduring tablets.

By direction of the president the joint army and navy board have been detailed to report on physical training of cadets at the United States military and naval academies and also to report on the question of swordsmanship in the army and navy.

ROBBERY PAY CAR.

Albert Garner, a Louisville negro, is under arrest in New Albany, Ind., on a charge of having stolen two checks aggregating \$211 from the pay car of the Illinois Central railroad company last December. Garner says he is innocent, but the railroad officials declare that they will make out a case against him. Garner was a section hand on the Illinois Central railroad.

Postoffice Inspector Here Today.

M. S. A. Susong, of Cincinnati, the well-known postoffice inspector for this district, was a guest at the Palmer House last night, and left early this morning for a trip up the road. He is investigating a number of matters in this territory.

LIVING DEATHS IN SIBERIAN MINES

(Continued from Page One.)

of a mutiny of 6,000 reservists at Peterhoff, who are said to be under arrest in their barracks, is grossly exaggerated. As a matter of fact there has been some dissatisfaction, but no case of open mutiny.

Caused Big Sensation.

St. Petersburg, Feb. 7.—News of assassination of procurator general of Finland, though occurring before noon Monday, was not generally known in St. Petersburg last night (Monday), but may be expected to produce an immense sensation when it becomes public as it will be regarded as the precursor of an era of terrorism for which events of January in St. Petersburg and throughout Russia gave the signal.

Until the identity of the assassin is definitely known it will be impossible to establish the motive of the attempt; but present circumstances in Finland render it almost certain that the crime is of a purely political character and of the same nature of the assassination of Count Hlobikoff, governor general of Finland, in June of last year.

Against "Russification."

Russification of the province of Finland has been meeting with great opposition and creating much bitterness especially since the formulation of the party of active resistance which was recruiting from the bolder spirits of the original party of passive resistance and to which the perpetrator of this latest crime probably belonged.

At the conference of revolutionary parties of Russia comprising representatives of the Finnish Active Resistance party, the Polish National league, the Russian emancipationists and other revolutionary organizations in Berlin last November, a program for general concerted action was drawn up and the assassination of the procurator general undoubtedly was in touch with the dissatisfied element throughout Russia.

Revolutionists Closely Connected. As a matter of fact, never before in the history of the empire, have events of an anti-governmental nature been in closer connection, as has been shown by the universal spread of the strike movement and the assassination of the official, though principally inspired by the grievances of the Finnish Nationalists, undoubtedly was also spurred on by the use of troops against the strikers in St. Petersburg and elsewhere.

More About Assassination.

Helsingfors, Finland, Feb. 7.—Further details have become public relative to the assassination of Soimon Soimonen, procurator-general of Finland. The assassin and Soimonen's son were both wounded in a revolver duel following the killing. The motive of the crime apparently was purely political, the slain official being a prominent member of the government party.

The murderer appeared at the procurator's residence at 11 o'clock yesterday and sent in a card bearing in French the name of Alexander Gadd, who is in the Russian service. The young man, who was smartly dressed in an officer's uniform, was promptly admitted to the official's private study and on his entrance fired four shots from a revolver, one of the bullets piercing the breast of the procurator, who expired almost immediately. His 17-year-old son, hearing the shots, rushed in from an adjoining room and fired three or four shots at his father's assailant, whose right leg was broken below the knee by a bullet.

The assassin fired the one bullet remaining in his revolver at Soimonen's son, wounding him slightly in the calf of his right leg. He then endeavored to escape, but fell unconscious to the floor in the ante-room. The assassin was removed to the surgical hospital, where he lies guarded by police, answering no questions and evidently unconscious. His recovery, however, is thought to be certain.

Up to the present the authorities have been unable to identify him. Soimonen was born in 1856 and practiced at the Finnish bar. He was highly esteemed and had held various government appointments. He was regarded as a wise and patriotic official. It is understood that it was at his initiative that the Finns killed by Government-General Hlobikoff were allowed to return to Finland.

WEDDINGS.

The marriage of Miss Elizabeth Maers Street and Mr. Lewis L. Hebout took place this morning at 10:30 o'clock at the First Baptist church. The ceremony was performed by the Rev. H. W. Perryman. There were no attendants except ushers. The bride wore a traveling costume of dark blue cloth with hat to match.

The couple left at noon for Louisville and will go to Jacksonville, Fla., on a bridal trip of several weeks. They will be at home at 1107 Monroe street on their return.

An unusual feature of the wedding was a guard of honor from Otego Tribe, Red Men, some of whom were in regular costume. A number of Red Men stood up with the couple, and a procession to the train followed the marriage.

The marriage of Miss Pearl Hester Kirkpatrick and Mr. Elias Roof was solemnized this afternoon at 3:30 o'clock at the parsonage of St. Francis de Sales Catholic church. The ceremony was performed by the Rev. Father H. W. Jansen, and was witnessed only by the immediate friends and relatives of the couple. The attendants were Miss Nina Kirkpatrick, sister of the bride, and Mr. Joseph Roof, the groom's brother.

The bride wore a pretty gown of white voile over white silk, and a white hat. She carried bride roses. The bride's maid was becomingly gowned in white albatross.

Immediately after the ceremony the couple went to their new home at 907 Jones street. A supper will be served the bridal party this evening, and a number of friends of the popular young couple will call on them during the evening.

Inauguration Dates.

On account of the Presidential inauguration ceremonies at Washington, D. C., March 4th, 1905, the Illinois Central railroad company will sell excursion tickets to Washington, D. C., and return, on March 1, 2, and 3 for \$21.50 from Paducah, good for continuous passage only in each direction, and until March 8th, to return with the privilege of extension until March 15th, by personally depositing ticket with Joint Agent at Washington, D. C., not later than March 8th, and upon payment of \$1 additional.

J. T. DONOVAN, Agent.

G. C. WARFIELD, Ticket Agt.

Supervisors Still at Work.

The supervisors of the city tax books are still working on the city books, having been ordered to go ahead until the work is completed. The supervisors by an extension of time put more money in the hands of the city in tax assessments, and the council deemed it best to let them finish, although the board wanted to quit.

The supervisors are at present engaged in "blocking" the city. In some squares the property valuation is fixed at one price on one end and double at the other.

The supervisors divide the city into blocks and assess the value of the land proportionately.

INDIANS CAUGHT.

Government Troops, headed by Governor Isabel, Captured Band of Bad Men.

Hermosillo, Mexico, Feb. 7.—A force of government troops, headed by Governor Isabel, captured twenty-five Yaqui Indians who belonged to the band that recently murdered McKenzle and four other Americans. The captives were brought here and placed in the penitentiary.
